The Foundation is genuinely interested in helping needy students but to reach them, I believe College is the right source to communicate the information. I am sure you would also like to help these candidates. With this letter, I have attached the posters about the scholarship. I am requesting you to please arrange to display the attached posters at various places in your College like on the notice board, in the library, on ladies hostel notice board, in the canteen, etc. so that the students know about the scholarship and get benefited from it.

Thanking you in anticipation for your co-operation.
