

Club Name: **EKASUTRAM**

Ekasutram is the official Mathematics Club of our college, aims to improve mathematical knowledge of students through engaging activities and workshops. We conduct various events and activities to increase the awareness and knowledge of students regarding mathematics in an enthusiastic way.

Our active maths club, "Ekasutram," offers students an engaging and interactive approach to learn about logic and numbers. We offer an array of captivating mathematical exercises that accommodate diverse interests and proficiency levels. We conduct various mathematics-based activities/events such as Memematics, Quizzle, J̄VIT (Treasure Hunt), SetCode, etc. Each event helps the students to increase their mathematical knowledge in daily life practical scenarios.

- Quizzle: Test your maths prowess and pick up new ideas from a variety of topics in this entertaining and thought-provoking quiz competition.
- J̄VIT (Treasure Hunt): Work your way through a series of mathematical puzzles and challenges in this exciting treasure hunt that combines problem-solving and adventure.
- SetCode: A programming competition focused on mathematical concepts and algorithms, perfect for those who enjoy coding and math.

Our goal at Ekasutram is to enable everyone to enjoy and gain access to mathematics. Our programmes are made to assist you in developing your abilities, critical thinking, and teamwork. Everyone can find something they enjoy in our club, whether they enjoy coding algorithms, discovering patterns, or solving equations. Come explore the intriguing field of mathematics with us and connect with like-minded individuals.
